

American Heritage School Lyceum Orchestra Programs

We Create

Beautiful and sacred music that brings hearts to Christ. Orchestra members and audiences are touched by inspiring music that lifts and edifies.

We Strive To

Inspire – By nurturing a love of music, increased faith and patriotism.

Instruct – By developing skills, character, and self-discipline through transformational teaching and learning experiences.

Impact – To awaken individuals, families and communities to the power of music that can change hearts and assist them in fulfilling their divine potential.

**We strive to meet every student
at the threshold of their learning!**

“The American Heritage Lyceum Orchestras Program is an incomparable combination of everything that music is meant to be — joy, refinement, belonging, and fun. It offers students the kind of opportunities that make music exciting and cool. It provides an environment that isn’t blindly affixed upon purposeless perfection, but rather a more selfless pursuit of excellence. My favorite part of Lyceum is its inherent spirituality. There is a special feeling suggesting a profound development not only of the body and mind, but of the soul.”

—Steven Sharp Nelson, Member of The Piano Guys
